10 YEARS JESUS.NET
MAY 20th, 2019

Astrid's story

(the Netherlands)

After years of therapy, it seems to Astrid as if there is nothing and no one left to take away her (mental) pain. She decides that she is done living and applies for euthanasia. Astrid lives toward the moment of her euthanasia, until a special encounter changes everything: 'It was as if I entered a room full of love.'

Mustafa's story

(Egypt)

Mustafa is raised with Islam, but as he gets older he gets more and more questions about God and his life: "Why did my mother die when I was young?" He searches the Internet for answers and talks about Jesus with someone through an online chat. In Egypt it is difficult to be a Christian, but through the Internet he becomes connected to an "online church".

Michelle's story

(France)

Every day, Michelle prays for her son. There has been a void in her heart since he ran away from home. She is worried and her fear grows that something will happen to him. She receives a daily email, full of miracles, from which she draws faith and strength. But then, one day, the email contains the miracle of Michelle.

Cara's story

(United States)

There are so many things that require our attention these days. Cara is looking for new ways to stay in touch with God, now that she is so busy. With help from her smartphone, she now involves Him in the things that concern her.

Celebration!

PROGRAM

Jesus.net

ABOUT JESUS.NET

Jesus.net is a network of over 85 organizations, active in 34 languages, worldwide, with the purpose of helping people to grow in faith and take one step closer to Jesus every day.

Through various websites, Jesus.net makes a connection with people who search online for hope, meaning, faith or answers to their 'life-questions'. Next, we introduce them to (an element of) the Gospel and help them discover more about Jesus through free online courses, videos, apps and email series. People who already follow Jesus are challenged to share their faith (online and offline) with the people around them. Eventually, Jesus.net hopes that people take the step from searching and learning online to becoming part of a local church or community.

The past 10 years, Jesus.net received thousands of testimonies from all over the world about how God changed people's lives through online ministry. Those testimonies are the reason for this celebration!

EVERY DAY ONE STEP CLOSER TO JESUS
Looking back on this evening full of videos, songs and stories, we can imagine that it's difficult to remember all the details. Go to jesus.net/celebration to rewatch the videos. Share them with the people around you!

Going forward, we challenge you to take one step closer to Jesus every day and support others in their journey as well. Go to jesus.net/getinvolved and become an important link within the Jesus.net network, by praying, working with us or making a donation.
